## ARTICLE 48

To see if the town will vote to amend Section 6, Article 1, of the Building Laws of the Town by providing that the fee on appeals shall be \$15.00 instead of \$10.00 as therein provided.—Board of Appeals.

On motion by Finance Committee:

**Voted:** To amend Section 6, Article 1, of the Building Laws of the Town by changing from \$10.00 to \$15.00 the amount of the fee to accompany all appeals to the Board of Appeals, so as to read as follows:

Sec. 6. Board of Appeals.—A Board of Appeals is hereby established, to consist of three members to be appointed by the Board of Selectmen. All the members of the board shall be residents of the town of Wakefield. One member shall be an attorney-at-law, and one shall be an architect, civil engineer or master builder. The appointments first made shall be for one, two and three years respectively, so that the term of one member shall expire each year. All subsequent appointments shall be for the term of three years. Vacancies shall be filled by appointment by the Board of Selectmen, for the unexpired term. Each member of said board shall be paid three dollars (\$3.00) per meeting, for actual service. No member shall act in any case in which he is interested, or in case any member is so disqualified, the remaining members will designate a substitute. Every decision of the board shall be in writing and shall require the assent of at least two members and shall be a matter of public record.

Any applicant for a permit whose application has been refused by the Inspector, or any person who has been ordered by the Inspector to incur expense in connection with a building, or any person dissatisfied with the

decision of the Inspector on a matter left by this by-law to his approval or discretion, may appeal therefrom to the Board of Appeals within ten days from the date of said refusal, order or decision. If the refusal, order or decision of the Inspector is confirmed, the ruling by the Inspector shall be final. If the action of the Inspector is modified or annulled the Inspector shall issue a permit or order in accordance with the decision of said board.

All appeals shall be accompanied by a fee of fifteen dollars (\$15.00), said sum to be for the purpose of covering the expenses incident to the appeal.

The vote in the affirmative was unanimous.

#### ARTICLE 49

To see if the Town will vote to amend the Zoning By-Laws of the Town by inserting after paragraph marked "D" under heading "Board of Appeals" as listed in Section 8 of the Zoning Act, the following: "E" — All appeals under this by-law shall be accompanied by a fee of \$15.00 to cover expenses incidental to such appeal.—Board of Appeals.

On motion by Finance Committee:

**Voted:** To amend the Zoning By-Laws of the Town by inserting after paragraph "D," under heading Board of Appeals as listed in Section 8 of the Zoning Act, the following:

"(E) All appeals under this By-Law shall be accompanied by a fee of \$15.00 to cover expenses incidental to such appeal," so as to read as follows:

#### Section 8. Enforcement

##### **Enforcement as Part of Building Law**

(a) The Building Inspector shall approve no plan for the erection or alteration of any building, or part thereof, plans and specifications and intended use for which are not in all respects in conformity with the provision of this By-Law.

##### **Enforcement After Information by Citizens**

(b) Upon any well-founded information in writing from any citizen or upon his own initiative, the Building Inspector shall take immediate steps to enforce this By-Law.

##### **Certification of Occupancy Required**

(c) It shall be unlawful to use or permit the use of any building or part thereof hereafter erected or altered wholly or partly in its use or structure, or the open spaces of which are in any way reduced, until the Building Inspector shall have certified on the building permit, or, in case no permit is issued, shall have issued a certificate of occupancy to the effect that the building or the part thereof so erected or altered, the proposed use thereof, and the open spaces thereof conform to the provisions of this By-Law.

**Board of Appeals**

(d) The Board of Appeals designated by section twenty-seven of chapter forty of the General Laws shall act on all matters within its jurisdiction under this By-Law in the manner prescribed in section twenty-seven of said chapter.

**Jurisdiction and Penalties**

(e) All appeals under this By-Law shall be accompanied by a fee of \$15.00 to cover expenses incidental to such appeal.

The penalty for violating any of the provisions of the Zoning By-Laws shall be twenty dollars for each offense.

The vote in the affirmative was unanimous.

**ARTICLE 50**

To see if the Town will vote to amend Section 5A of the Zoning By-Laws of the Town of Wakefield by inserting therein a new paragraph after the first paragraph thereof, said new paragraph to read as follows:

There shall not be more than one place of habitation on any lot of the size required by this By-Law. A place of habitation as used herein shall include any building or any enclosure, permanent or temporary, used for dwelling purposes.—Planning Board.

Kenneth W. Thomson reported for the Planning Board that, pursuant to a notice published on February 28, 1950 in the Wakefield Daily Item, the Planning Board held a public hearing in the Lafayette Building on March 9, 1950 at 7:45 P. M. in respect to Article 50, at which no citizen of the Town present objected to the adoption of the Article; and that the Planning Board, after the hearing, at a special meeting duly and unanimously voted and hereby recommends that Article 50 be adopted. The report was signed by Arthur E. Harding, chairman; Edward M. Bridge, Fitzroy Willard, Dr. Frank T. Woodbury, and Kenneth W. Thomson.

Motion by Mr. Thomson:

That Section 5A of the Town Zoning By-Laws be amended by insertion of a new paragraph after the first paragraph thereof. Said new paragraph to read as follows:

"There shall not be more than one place of habitation on any lot of the size required by this By-Law. A place of habitation as used herein shall include any building or any enclosure, permanent or temporary, used for dwelling purposes."

Motion by Patrick H. Tenney:

That the subject matter of Article 50 be indefinitely postponed.

The vote on Mr. Tenney's motion was in the negative.

The original motion, by Mr. Thomson, then was voted in the affirmative.

The vote in the affirmative was unanimous.

**ARTICLE 51**

To see if the Town will vote to establish a Town Planning Board under the provisions of General Laws (Ter. Ed.) Chapter 41, Section 81A, to consist of five members to be elected at this annual meeting, one to be elected

for one year, one for two years, one for three years, one for four years, and one for five years, and thereafter in accordance with the provisions of statute, or take any action relative thereto.—Planning Board.

Kenneth W. Thomson reported for the Planning Board that a hearing was held and was duly advertised but that the Board did not recommend favorable action on the Article as written.

On motion by Mr. Thomson:

At this time Chairman Philip J. Flanders of the Board of Selectmen requested and received unanimous consent of the meeting to present the following resolution:

TOWN OF WAKEFIELD  
IN APPRECIATION  
TO  
CHARLES C. COX

---

RESOLUTION

---

WHEREAS our fellow-citizen, Charles C. Cox, will terminate his services as Town Accountant at the end of April, 1950 due to the operation of state law, and

WHEREAS there is universal regret among the citizens of the Town of Wakefield that his retirement is mandatory and must automatically become effective,

## BE IT RESOLVED

That the citizens of the Town of Wakefield, in Town Meeting assembled, this twenty-fourth day of April, A.D., 1950 hereby record our high esteem for Charles C. Cox as a gentleman, a faithful public employee and an honored citizen, and further be it

RESOLVED that public recognition of the many years of public service by the said Charles C. Cox be hereby made. His public service to the Town of Wakefield began shortly after he moved from Malden, the city of his birth, in 1908. In 1917, and again in 1931, he was a member of the Montrose School Building Committee. During the same decade, he served as a member of a committee which reported in favor of a Board of Public Works for the Town of Wakefield. He was a member of the Finance Committee from 1926 to 1931, and served as Clerk of the Finance Committee from 1936 to the present time. In 1936, he was elected by the Board of Selectmen as Town Accountant and Clerk of the Board of Selectmen, which positions he has held continuously since the date of his original appointment. In 1937, the Town of Wakefield accepted the contributory pension system. As Town Accountant, Charles C. Cox has been a member of the Contributory Retirement Board since its inception, and further be it

RESOLVED that the citizens of the Town of Wakefield, being fully aware of the high degree of service so loyally, accurately, and conscientiously performed by Charles C. Cox for said Town of Wakefield, hereby express our sincere appreciation, and further be it

RESOLVED that said citizens also hereby express our appreciation for the friendliness and outstanding cooperation exemplified and so freely given by the said Charles C. Cox to any citizen and to the members of all elected or appointed Boards or Committees of the Town of Wakefield, which has contributed immeasurably to the efficient and proper operation of said Boards and Committees and which, therefore, has been a great force in the proper administration of municipal government in said Town of Wakefield during the tenure of Charles C. Cox as Town Accountant, and further be it

RESOLVED that the Board of Selectmen, acting on behalf of all citizens of the Town, be and hereby are authorized and directed to cause this resolution to be suitably inscribed and presented to Charles C. Cox, with the genuine good wishes of the citizens that he has before him many years of happy living among us.

## ARTICLE 5

To see if the town will vote to amend its by-laws by adding thereto the following Chapter 16:

## CIVIL DEFENSE

Be it ordained by the Town of Wakefield as follows:

Section 1. DEPARTMENT OF CIVIL DEFENSE. There is hereby established a department of civil defense (hereinafter called the "depart-

ment"). It shall be the function of the department to have charge of civil defense as defined in Section 1, Chapter 639, Acts of 1950 and to perform civil defense functions as authorized or directed by said chapter or by any and all executive orders of general regulations promulgated thereunder, and to exercise any authority delegated to it by the governor under said Chapter 639.

Section 2. **DIRECTOR OF CIVIL DEFENSE.** The department shall be under the direction of a director of civil defense (hereinafter called the "director") who shall be appointed as prescribed by law. The director shall have direct responsibility for the organization, administration and operation of the department, subject to the direction and control of the appointing authority, and shall receive such salary as may be fixed from time to time by the appointing authority. The director may, within the limits of the amount appropriated therefor, appoint such experts, clerks and other assistants as the work of the department may require and may remove them, and may make such expenditures as may be necessary to execute effectively the purposes of Chapter 639, Acts of 1950.

The director shall also have authority to appoint district co-ordinators and may accept and may receive, on behalf of the Town, services, equipment, supplies, materials or funds by way of gift, grant or loan, for purposes of civil defense, offered by the federal government or any agency or officer thereof or any person, firm or corporation, subject to the terms of the offer and the rules and regulations, if any, of the agency making the offer. The director shall cause appropriate records to be kept of all matters relating to such gifts, grants or loans.

Section 3. **CIVIL DEFENSE ADVISORY COUNCIL.** There is hereby established a civil defense advisory council (hereinafter called the "council"). Said council shall serve without pay and shall consist of the director of civil defense, such other department heads and such other persons as the authority appointing said director may deem necessary. Such member of said council as said appointing authority shall designate shall serve as chairman of said council. Said council shall serve subject to the direction and control of the appointing authority and shall advise said appointing authority and the director on matters pertaining to civil defense.

Section 4. **POLICE AID TO OTHER CITIES AND TOWNS IN EVENT OF RIOTS OR OTHER VIOLENCE THEREIN.** The police department is hereby authorized to go to aid another city or town at the request of said city or town in the suppression of riots or other forms of violence therein.

Section 5. **TERMINATION OF BY-LAW.** This ordinance (by-law) shall remain in force during the effective period of Chapter 639, Acts of 1950 and any act in amendment or continuation thereof or substitution therefor.

Section 6. **DEFINITION.** All references to Chapter 639, Acts of 1950, as now in force, shall be applicable to any act or acts in amend-

ment or continuation of or substitution for said Chapter 639.—Board of Selectmen.

The Article was read by Moderator Marshall.

On motion by Philip J. Flanders, chairman of the Board of Selectmen:

**Voted unanimously:** That the Town vote to amend its by-laws by adding thereto the following paragraph:

#### CIVIL DEFENSE

Be it ordained by the Town of Wakefield as follows:

Section 1. DEPARTMENT OF CIVIL DEFENSE. There is hereby established a department of civil defense (hereinafter called the "department"). Licenses were granted by the Selectmen for the sale of alcoholic beverages for the year 1950 to the following, subject to the approval of the State Alcoholic Beverages Control Commission.

Wakefield City Hall Liquor Store, Inc., 6 Water Street

Jeffrey's Package Store, Inc., 354 Main Street

Ignazio Palumbo, Jr., (Palumbo's Annex) 35-37 Albion Street

S. Tine & Sons, Inc., 38-38A' Water Street

Receipts from these and other licenses granted during the year 1950 are shown in the Town Accountant's report.

Reports of the various departments under the supervision of the Board of Selectmen and containing complete information, will be found under other and appropriate headings in this report.

George A. Bennett who had served the town as Dog Officer and Animal Inspector for a number of years, having reached the retirement age on March 1, 1950, was retired under the Veterans' Act. Frederick De-Marco was appointed Dog Officer and Blair Crowell was appointed Animal Inspector to fill the vacancies caused by the retirement of Mr. Bennett.

On May 1, 1950, Charles C. Cox retired as Town Accountant, Clerk of the Board of Selectmen and Clerk of the Finance Committee, having served the town in these capacities since October 20, 1936. John J. McCarthy was appointed Town Accountant and assumed his duties on May 1, 1950 as Town Accountant. Donald White was appointed Clerk of the Board of Selectmen as of May 1, 1950.

Mrs. Bertha Todd resigned from her duties as Veterans' Service Director in April 1950 and was succeeded by John Findlay who assumed the duties of that department in conjunction with his duties as Veterans' Agent.

On the resignation of Jeremiah J. Peck as custodian of the Town Infirmary buildings, M. Leo Conway was appointed temporary custodian.

The cornerstone of the new Police Station building was laid with appropriate ceremonies on April 1, 1950 and the Police Department moved from the Town Hall to their new building in October of this year.

James Hurton was appointed Director of Civil Defense on September 19th, he to appoint an advisory council to serve with him.

The Saugus-Wakefield town lines were perambulated in October of this year.

Joint meetings were held at various times during the year with other town boards and committees for the purpose of electing new members to serve on boards or committees to fill vacancies due to deaths and resignations of members.

During the year members of the Board have been present at the induction center when young men have left for the Armed Services.

At a special election on June 12, 1950 a Board of Public Works was elected to assume their duties as of September 1, 1950 as provided for

under Chapter 48 of the Acts of the year 1950. The new Board of Public Works automatically has taken over many of the functions of the Board of Selectmen.

We sincerely appreciate the cooperation we have received this past year from other Boards and the personnel of their various departments.

#### NEW POLICE HEADQUARTERS

The members of the Wakefield Police Department are grateful to the citizens of Wakefield for the new modern police station they provided for the department.

On November 13, 1950, the Police Department moved into its new, modern station, and on the night of November 17, at formal dedication exercises, attended by various town officials, citizens and representatives of neighboring police departments, court officials and the staff of the Melrose Hospital, the Building Committee, represented by its chairman, Cyrus M. Dolbeare, officially turned the building over to the Town by presenting the keys of the New Police Station to Richard J. Volpe of the Board of Public Works, which has the care of the building.

I am deeply grateful to the Building Committee comprising, Cyrus M. Dolbeare, chairman; Patrick H. Tenney, George B. Fay, Charles M. Miller and Arthur H. McTague, for the time and study they put in on the building in order to see that it was properly laid out for efficient departmental functioning and at the same time keep within the appropriation.

I am also grateful to Edward M. Bridge, the architect and a resident of Wakefield, who did everything possible to see that the New Police Station, when built, was a credit to Wakefield.

To the Board of Selectmen and Finance Committee, my thanks for their cooperation, and to everyone who has assisted the department in various ways since we moved into our new station, my thanks.

### RECOMMENDATIONS

I am recommending the appointment of five more regular officers to the department and the addition of another cruising car.

No officers have been added to the department since 1944, and there have been hundreds of new residences built since then.

In the North Ward and Montrose sections of the town alone, there have been at least three hundred new homes built and it is in this part of the town that I want to put on a cruising car at night from 6 p. m. to 8 a. m. with two officers in it on each shift. That would leave the other cruising car free to cover the rest of the town. One car cannot now give proper coverage to the whole town under present conditions.

Officers in the cruising car at night this year alone, took over a hundred patients to various hospitals, and these cases would take at least an hour, and if to Boston hospitals it would take at least an hour and a half or two hours that there would be no cruiser cruising around the town, as they would be out on these calls.

Cruising car officers also have to investigate complaints coming in during the night and in so doing there isn't much time left to cover the town for the protection of persons and property.

I have heard it said many times that we have been lucky that we didn't have more breaks and hold-ups than we do at night without the proper coverage — and I feel we shouldn't wait until we have a murder or hold-up before we appoint more officers. The time to do it is now.

The fifth officer I am asking for, is for traffic duty in various sections of the town to enforce traffic rules and regulations and for school traffic.

### CONCLUSION

In closing this report I wish to extend to the Honorable Board of Selectmen my sincere thanks for their interest and cooperation at all times during the past year.

To Selectmen William R. Lindsay and Philip J. Flanders, Committee on Police, my thanks for their cooperation.

To all Town Departments, the Wakefield Daily Item and to Dr. Curtis L. Sopher, who have rendered valuable assistance to the Police Department during the year my sincere thanks.

To the Lieutenant, Sergeants and all members of the department and to my secretary, Mrs. Dorothy Hagan, my thanks for the faithful discharge of their duties at all times during the past year.

Respectfully submitted,

JOHN G. GATES,

Chief of Police

# Report of Chief of Fire Department

---

January 1, 1951

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my Annual Report of the Fire Department for the year ending December 31, 1950, with the total number of alarms, and the losses on same as near as is possible to obtain.

## APPARATUS

There are at present 9 pieces of apparatus in this department, and are as follows:

One Triple Combination purchased from the Seagrave Corporation and put in service October 28, 1938. This piece of apparatus designated as Engine 3 is of the covered type and represents the latest type of pumping engine. It is equipped with a 750 gallon centrifugal pump, 100 gallon booster tank, 250 feet of  $\frac{3}{4}$  inch hose, 1,250 feet of  $2\frac{1}{2}$  inch hose, ladders, smoke masks, 2 Scott Air Paks, 2 fog nozzles for combatting gasoline and oil fires, 3 shut-off type nozzles, 4 types of extinguishers, salvage covers, crash axe, smoke ejector, first aid kit, plus much other equipment necessary to bring this unit up to an efficient piece of apparatus.

One Triple Combination purchased from the Seagrave Corporation and put in service July 1924. This piece of apparatus is equipped with a 750 gallon type centrifugal pump, 1,250 feet of  $2\frac{1}{2}$  inch hose, 200 feet of  $\frac{3}{4}$  inch hose, 80 gallon booster tank, 2 types of cellar pipes, salvage covers, stretcher, smoke masks, 2 Scott Air Paks, 3 types of extinguishers, 2 fog nozzles, ladders, first aid kit and much other equipment.

One Double-bank type 75 foot aerial ladder truck purchased from the Seagrave Corporation and put in service December 1928. This piece of apparatus carries 379 feet of ladders, 80 gallon booster tank, 300 feet of  $\frac{3}{4}$  inch hose for booster line, booster pump, life net, salvage covers, stretcher, 2 oxygen type smoke masks for heavy concentrations of smoke and gases, 3 cannister type smoke masks, 1 portable Baker water gun, several types of cellar pipes, water gun mounted on aerial ladder with 3 inch hose attached, inhalator for use in emergency life saving with micro attachment which may be used on two persons at the same time, crash axe, and other necessary equipment.

One Triple Combination of the enclosed body type put in service in December 1941. This piece of apparatus is equipped with a booster pump, 300 feet of  $\frac{3}{4}$  inch hose, 145 gallon water tank, 1,500 feet of  $1\frac{1}{2}$  inch hose, 2 types of nozzles, 2 Scott Air Paks, pump tanks for grass and brush fires, shovels, brooms, first aid kit, and other necessary equipment.

One Dodge chief's car purchased in 1948, replacing a 1939 Dodge which has outlived its usefulness. This car carries extra oxygen bottles for

resuscitation work, first aid supplies, P & Q door opener, 2 way radio on the same wave length as the police radio, and other equipment that has proved to be a valuable asset to the department's equipment.

One Triple Combination stationed at the Engine 2 station in Greenwood and purchased from the Seagrave Corporation in 1929. This piece of apparatus is equipped with a 600 gallon centrifugal type pump, 80 gallon booster tank, 200 feet of  $\frac{3}{4}$  inch hose for booster line, 1,000 feet of  $2\frac{1}{2}$  inch hose, 600 feet of  $1\frac{1}{2}$  inch hose, ladders, axes, nozzles, smoke masks, 2 Scott Air Paks, cellar pipe, salvage covers and other equipment.

One Pierce-Arrow sedan type hose carrying piece of equipment designated as Auxiliary 1 and which was put into service in 1942, to serve as an auxiliary piece for defense purposes. This piece of equipment is carrying 1,000 feet of  $1\frac{1}{2}$  inch hose, pump tanks, axes, nozzles and other equipment.

Two Trailer type pumping engines which were purchased from the Office of Civilian Defense. These units are equipped with 400 feet of  $2\frac{1}{2}$  inch hose, pump tanks, nozzles, 200 feet of  $1\frac{1}{2}$  inch hose, and much other necessary equipment.

During the year this department has responded to 569 alarms, which are divided as follows: 128 Box Alarms and 441 Still Alarms.

|                                 |                |
|---------------------------------|----------------|
| Estimate of Property Endangered | \$1,579,375.00 |
| Loss on Same                    | 62,427.94      |
| Insurance Paid on Same          | 60,867.94      |
| Insurance on Same               | 1,646,100.00   |
| Transit Value                   | 29,671.00      |
| Transit Loss                    | 1,471.52       |

### RECOMMENDATIONS

For 1951 I recommend that four additional men be appointed to the permanent force. This would eliminate the hiring of men for summer vacations, and would give added strength to the department which it is now lacking.

I also recommend that a two-way radio be installed at the Central Fire Station and that two sets be installed on the apparatus. At the present time all calls for the fire departments must go through the main station at Police Headquarters and in some instances valuable time is lost. With this two-way radio at the Central Station we would be on our own frequency and would be independent of police calls.

I recommend that new helmets be purchased for the call force. In 1950 we purchased helmets for the permanent force and they have been a very valuable part of the equipment of a fireman.

I recommend that new hose be purchased to replace some of the older hose which in some instances is over twenty years old. During the year many lengths, after testing, have been discarded, being unable to stand the test.

## CONCLUSION

In closing this report I wish to extend to the Honorable Board of Selectmen my sincere thanks for the interest and co-operation manifested by them in all matters pertaining to this department.

To Raymond S. Dower for his hearty co-operation and interest during the past year on matters pertaining to this department as Committee on Fire Department.

To all other Town Departments who have rendered valuable assistance during the past year, you have my sincere thanks.

To the Officers and Members of the Fire Department, and to the Auxiliary Fire Force for the prompt and faithful discharge of their duties during the past year, I extend my sincere thanks.

Respectfully submitted,

CLIFFORD E. JACOBS,

Chief of Fire Department

## Report of Board of Public Works

---

A Special Election was conducted in the Town of Wakefield on June 12, 1950 and as a result the first members of the Board of Public Works were:

R. Francis Shea

R. Lee Lillie

Richard J. Volpe

The scope of responsibility of this newly created Board included assuming the duties and obligations of the following:

Moth & Tree Department

Park & Cemetery Department

Water & Sewer Department

Highway Department

Various Town Buildings formerly under the Selectmen

Care of Dumps

Collection of Garbage

and further to establish an Engineering Division, the head of which would be known as the Town Engineer.

The Massachusetts Legislative Act which created your Board of Public Works in Wakefield provided that said Board should officially take over the operations, duties and obligations of the aforementioned town departments on September 1, 1950.

From June 12, 1950 until September 1, 1950 your Board studied the operations of said departments, interviewed applicants for the position of Director and met with the various Boards each week to familiarize themselves with the duties of the Divisions of our newly created Public Works Department.

Mr. Joseph H. DeFoe of Winthrop was appointed Director on August 28, 1950 and unfortunately was taken seriously ill about the first of November 1950. The Board then appointed Mr. Walter F. Livermore Acting Director on December 1, 1950 for an indefinite period.

The Board of Public Works is of the opinion that the 1950 reports of the various Department Supervisors should be incorporated in the official report of the Board to the townspeople, inasmuch, as work for the full twelve months period was planned at the last Annual Town Meeting and carried out by the Department Heads for two-thirds of the year prior to the inauguration of the Board.

In conclusion we, the Board, wish to express our deep appreciation for the cooperation and assistance extended to us by the elected and appointed officials of the Town, all Public Works employees and residents of Wakefield. We also wish, at this time, to comment that even though the sudden and unfortunate illness of the appointed Director provided an

unexpected setback in our schedule, the Acting Director has proved a very capable substitute and we have thoroughly enjoyed our work as your first Board of Public Works.

Respectfully submitted,  
 R. FRANCIS SHEA  
 R. LEE LILLIE  
 RICHARD J. VOLPE

#### MOTH AND TREE DIVISION

January 15, 1951

To the Honorable Board of Selectmen:  
Wakefield, Massachusetts  
Gentlemen:

I respectfully submit the annual report of the Moth and Tree Department for the period January 1, 1950 to August 31, 1950.

Tent Caterpillars and Satin Moths were found in some areas; Gypsy Moths about the same as last year; and the Fall Web Worms were kept down some with late spraying.

Dutch Elm Disease has increased in the State. We lost forty trees by this disease. All of these trees have been removed and destroyed as this work is under the State supervision and all diseased elm wood must be destroyed and all cut elm wood should not be left in the open with bark attached as the carrier of the Dutch Elm Disease hibernates in elm wood left in the open.

Most of our roadsides were sprayed last year with Dolge SS Weed-Killer and Ammate to eliminate Poison Ivy.

We planted one hundred eighty Maple Trees on new and various streets throughout the town which were grown in our nursery. About three cords of wood were put into the Town Hall from trees removed. We also sprayed the Common and Ball Park for mosquito control.

Expenditures were as follows:

**PARK AND CEMETERY DIVISION**

February 19, 1951

To Board of Public Works

Members of Former Park and Cemetery Board

Citizens of Wakefield

Gentlemen and Friends:

I respectfully submit my report for the calendar year of 1950.

The Park Department had a busy and successful year. In addition to our routine work we have endeavored to cooperate as much as possible with all the different groups and organizations using the Wakefield Park System so that their own particular aims may have been brought to their greatest fulfillment. Further, we have completed all the various special items that were considered necessary at the annual Town Meeting and for which money was allotted.

The following special projects were completed:

**New Nasella Playground**

1. Installation of a new softball diamond. Erection of new chain link backstop for same.
2. Extending overhang on hard ball backstop.
3. Grading and seeding Water Street entrance.
4. Grading filled area on east side extension.
5. Partial filling of Melvin Street extension, adjacent to playground.
6. Planting of 50 willows.

**Maple Way — Greenwood**

1. Construction of new bleachers—seating capacity approximately 100.
2. Repair of tennis backstops.
3. Installation of new tennis nets and winches.

**Hart's Hill**

Removal of several dangerous trees.

**Moulton Playground**

1. Repairing, tarring and sanding entrance Avenue with installation of two catchbasins and drains to provide proper drainage.
2. Repair of tree guards.
3. Installation of new tennis nets and winches.

**Veterans' Field**

1. Resurfacing tennis courts with hot top.
2. Installation of new tennis nets and winches.

**Park and Common**

1. Painting of all benches and fence.
2. Installation of new rail on bandstand.
3. Removal of one large elm, infected with Dutch Elm Disease.
4. Removal of all broken tree limbs along Lakeside.

The Town of Wakefield is indebted to the Crystal Community Club for the beautiful fieldstone wall erected at the Water Street entrance to Nasella Playground. This Organization met all construction costs of the wall and it is a distinct asset to the Playground as well as making the vicinity more attractive. Mr. George Clayton generously gave the Town a small parcel of land at this location so that the entrance could be of better proportion. In addition, the Crystal Community Club purchased Willow Trees so that shade will be available in the future.

The Municipal Bath House was open 10 weeks in 1950. The average daily attendance was approximately 175 which speaks well for the type of recreation offered here. Mr. Lawrence Collins, the chief Life Guard, and his staff were well qualified for their positions, all Life Guards having passed their Senior Life Saving tests as specified by the American Red Cross. It should be mentioned here that the local Chapter of the Red Cross through its director, Miss Doris Skinner, and actively headed by Mr. Philip McAuliffe and Mr. Arthur Loughlin of the bath house gave swimming instructions to interested school children. These periods of instructions were well attended with children being given certificates of swimming. Due to the alertness of the guards we completed our fifth consecutive season without any drownings, but on numerous occasions bathers were assisted to the beach by the Life Guards.

Forest Glade Cemetery had further expansion during the year. The usual Spring routine was followed; new graves loamed and seeded, Avenues tarred and sanded in addition to the construction of approximately 150' of new roads. We were fortunate to obtain about 400' cubic yards of rough fill at a very moderate cost from various Town projects. In view of the fact that future expansion of the Cemetery will involve purchase of huge amounts of earth fill such arrangements with other Town departments will prove valuable. Later in the season a large area containing twenty-one, twelve grave lots was graded and seeded. Sub-divisions of these lots will be available for sale in 1951.

A further summary of our work is as follows:

Interments:

In the old Cemetery on Church Street all graves and headstones were removed from an area now owned by the Congregational Church as defined by Article 66 in the Town Warrant for the annual meeting 1949. These graves and monuments were moved to a newly developed area in the west end of the Cemetery as laid out by Mr. Harland Perkins to con-

form with and become a part of the Floral Way project. This work was completed in November 1950 with the Town bearing no part of its cost.

I wish, in closing, to thank the Superintendents of all the Town Departments for their co-operation, without which my work would have been a great deal more difficult.

Respectfully submitted,

J. HENRY VIK, Superintendent

## WATER DEPARTMENT

A new  $\frac{3}{4}$  ton Dodge chassis with Power's body was purchased by the Department this year.

### IMPROVEMENTS, REPAIRS AND REPLACEMENTS

#### Broadway:

All equipment in the Pumping Station received two coats of paint, minor boiler repairs were also made and the switchboard and one motor completely overhauled.

The filter house was painted inside.

The roof on the Superintendent's house was resingled on the south, west and north sides.

#### Sexton Avenue:

All equipment and the inside of the station was completely painted.

#### Bay State Wells:

The inside of the station was painted. A small pump was installed and connected to six driven wells which helped to increase the water supply.

#### The Hart's Hill Standpipe:

The standpipe was scraped and painted and put in first-class condition.

## WATER SUPPLY

On August 29, 1950, Crystal Lake was 42½ inches below high water.

It was necessary to use the Green Street, Stoneham cross connection starting on August 24, 1950 to supply the town with Metropolitan water. A temporary building has been erected as a protection for the pump and can be used another year if necessary, as it is of a semi-permanent nature.

Crystal Lake was seined this spring by the Department of Conservation at the request of the Board and 8,000 lbs. of fish removed.

## SPRINKLER SYSTEMS

Two more sprinkler systems have been added, making a total of 32 sprinkler systems and fire pipes in the town.

## LAKE QUANNAPOWITT

The lake required treatment of copper sulphate on July 27th of 1,900 lbs. and on August 24th of 2,000 lbs.

## SEWER DEPARTMENT

The station at Vinton Street has been completely painted.

### SEWER CONNECTIONS

Number of connections made during year, 60.

Number of connections made to date, 2,692.

Connections made on Main Street on section to be resurfaced by Highway Department.

## SEWER CONSTRUCTION

By the Department:

Pine Street (unfinished 1949) 393 feet 6-inch vitrified tile from Renwick Road northerly to dead end.

Western Avenue, 100 feet 8-inch vitrified tile from dead end westerly to dead end. Necessitated by the building of Western Avenue.

Prospect Street, 1,100 feet 8-inch vitrified tile from dead end westerly to dead end.

## Report of Water and Sewerage Board

The Water and Sewerage Board reports of the activities of the Water and Sewerage Department for the first nine months of the year 1950.

The continued rapid development of the town with the demands from home builders caused the Board to transfer much of the available pipe purchased for the relaying program to new construction. There was approximately 8,350 feet of pipe installed within the town to extend the water mains system, and some 1,840 feet of pipe was relaid with cast iron cement-lined or copper pipe to replace old cement or steel pipe that was in bad condition. Of this 1,840 feet, 1,593 feet was under the relaying program.

The construction of Route 128 through the northern sections of the town has required considerable work by the department relaying pipes under the new road and providing future pipes for the development of this portion of the town.

It was necessary again this year to supplement the water supply from sources outside of the town. The Board petitioned the State Board of Health for permission to receive water from the Metropolitan Water District because of a water emergency. The emergency was declared and a semi-permanent connection was made near the Green Street Standpipe in Stoneham. On August 24, 1950, water was first pumped through this connection. On August 29, 1950, Crystal Lake was 42½ inches below its high water mark.

The sewer construction program was increased because the Montrose Trunk Sewer made sewers available to a large number of residents in Montrose. The department completed before September 1, 1950, some 1,593 feet of sewer construction while contracts were let and work planned for the department for some 14,574 feet of sewer construction. Again the construction of Route 128 caused additional work for the department, installing new sewer mains under the new road. This work of necessity had to be put before regular construction, and in a few cases the work had to be carried on as an extra with the sewer contractor, not taking the time necessary for formal bids.

The Water and Sewerage Board want to take this opportunity to express their appreciation of the co-operation of the townspeople over the years, hoping for the continuance of this co-operation for the Board of Public Works. We feel honored to have been able to serve the people of this town.

Respectfully submitted,

# Report of Contributory Retirement Board

---

March 12, 1951

To the Honorable Board of Selectmen:  
Wakefield, Mass.

Gentlemen:

The Contributory Retirement Board submits the following report for the year ending December 31, 1950.

The total membership December 31, 1949 was 200 active members, 3 inactive members and 43 pensioner members which comprised a total of 246 members as of January 1, 1950. During the year 1950 there were 33 new members added to the Retirement System's roll, this resulted in a total of 279 members. During the year 1950, 8 members resigned, and were duly awarded the return of their contributory deductions, 3 members retired under the Veterans' Act; Chapter 32, Section 56, General Laws Tercenary Edition; on account of total disability, therefore their contributory deductions were returned to them as is statutorily prescribed. There were 2 members who were transferred from the active to the inactive roll and 3 members were transferred from Group A membership to Group B membership, 2 of whom were employed in the Fire Department and 1 in the Police Department.

The number of members on the Pension List was changed by the death of one former Water and Sewer Department employee and 3 members who were added to the Pension List having reached the retirement age, one member retired on account of ordinary disability resulting in a total of 46 members on the Pension List.

The total membership December 31, 1950 is 216 active members, 3 inactive members, 46 pensioner members; which comprises a total of 265 members in the Contributory Retirement System as of January 1, 1951.

A Statement of Financial Condition for the year ending December 31, 1950 is presented as follows:

## Report of the Board of Health

To the Citizens of the Town of Wakefield:

In reporting for the year 1950 would like to call attention to the relative freedom from serious contagious disease. There has been a slight decrease in the prevalence of Poliomyelitis, with one death.

There were 5 newly reported cases of Pulmonary Tuberculosis this year, and at present there are five patients in the Tubercular Hospital.

The Board of Health will continue its Pre-school Immunization Clinic and strongly urges that all parents arrange for the immunization of any child over 3 months, through their family physician or by bringing them to the Board of Health Clinic.

A total of 400 dogs were innoculated at the Anti-Rabic Clinic which was sponsored by the Board of Health.

Miss Nellie B. Russell, R.N., Health Nurse, retired in November 1950 after 29 years of faithful service to this department. Mrs. Ernestine M. Nardone, R.N., was appointed Health Nurse as of June 1, 1950.

The following is a four year comparison of all reportable diseases:

|                 | 1947 | 1948 | 1949 | 1950 |
|-----------------|------|------|------|------|
| Chicken Pox     | 0    | 30   | 73   | 22   |

|                | <hr/> |
|                | 116   |

Mrs. Nardone also made the following trips to the Sanatorium:

Eighteen trips to North Reading State Sanatorium

Four trips to Middlesex County Sanatorium

Taking a total of 32 patients to the Sanatoriums for chest X-rays and examinations.

Respectfully submitted,

NED C. LOUD, Chairman

ROBERT DUTTON, M.D.

EVAN FAIRBANKS, Secretary

**REPORT OF THE TRUSTEES OF THE LUCIUS BEEBE MEMORIAL  
LIBRARY FOR THE YEAR NINETEEN HUNDRED AND FIFTY**

---

The Trustees of The Lucius Beebe Memorial Library herewith submit the ninety-fifth Annual Report.

It is gratifying to report the physical appearance of the Library has been improved this past year with the painting of the Lobby, Book Stacks, and the Children's Room. The painting of the frieze renewed the deep satisfaction in the art and architecture of the beautiful Library that it is the good fortune of the Town of Wakefield to possess.

Two major improvements have been the placing of emergency lights at the exits of the Main Lobby and the Lecture Hall, and the installation of a hot water heater in the boiler room.

The outside of the Montrose Branch Library was painted in the spring for the first time since this building was acquired by the Town in 1946. Inside the Branch, new book shelves were added in both the adult and juvenile departments to accommodate new volumes and to improve the service in this steadily growing community.

The work at the Greenwood Branch Library continues at a steady rate in an inviting atmosphere of books and exhibits that are artistically arranged for holiday seasons and special occasions. The increased school population in this section of the Town has involved added service by the Librarian to aid the pupils in the correlation of books and study, and instruction on the use of the Library.

During the year, the Trustees have suffered the loss of two of their most valued members, Dr. Richard Dutton and Dr. Frank Taylor Woodbury. Both had been Trustees for over fifty years.

Dr. Dutton, in his first report as Secretary of the Board in 1900, emphasized the need of an adequate library building. The accomplishment of that end became his vision and the gift of the present building to the Town of Wakefield was due in large measure to his leadership. He was also primarily responsible for the raising of funds for the purchase of land where the present building now stands. He early recognized the need of a Children's Room for the children of Wakefield and gave much time and thought to this activity of the Library.

Dr. Woodbury, upon his election to the Board of Trustees in 1900, brought an unusual breadth of interest to the position. Besides his work as a physician, he found time to devote to civic interests and held many positions of trust in the Town. He was particularly well informed on the history of Wakefield and was also an authority on many subjects such as natural history, geology, wildlife, hunting, and fishing. Such a background of knowledge made him a valuable member of the Board and an able Chairman of the Book Committee, which position he held for many years. The problems of the Board were his problems and his sustained interest in the Library will be greatly missed.

At a joint meeting of the Trustees and the Selectmen on October 24, 1950, John J. Round, Jr. and Edward E. Lynch were elected to fill the vacancies.

A beautiful oil painting, "Wide Horizons" by Frank Vining Smith, was given to the Library in memory of Dr. Richard Dutton by Mrs. Dutton. This painting has been hung over the fireplace in the Children's Room.

The Library has also been the recipient of fine gifts of books which have been given as memorials by thoughtful and generous friends. Among these are "Nation's Heritage" in six volumes; "My Book House" in twelve volumes; "Grammar of Ornament" by Owen Jones; "Book of Costume" by Millia Davenport; "Ways of Watercolor" by Ted Kautsky; and "Two Hundred Years of American Blown Glass" by Helen and George S. McKearin.

Other gifts of books, magazines, flowers, and Christmas decorations have shown the kindness of the many people who are interested in the Library. The Trustees appreciate the generosity of these many friends and also are indebted to the Wakefield Daily Item for space allotted to the publishing of book lists and special articles concerning the Library.

Several exhibits have been arranged in the Lecture Hall, an art exhibit by Alexandra Bradshaw (Mrs. Clarence B. Hoag), paintings and drawings by Miss Ethel Jackson, a collection of books printed in Wakefield from the Murray Printing Company and the Daily Item Press, and books and manuscripts by Wakefield authors.

At Easter, a collection of Bibles loaned by the Massachusetts Bible Society and the Zion Research Library were displayed. This collection contained old and modern Bibles together with reproductions and original copies and pages of some of the earliest editions. Many other exhibits have been arranged in the balcony of the Library from pictures in the Library art collection.

During the year, there have been 1,032 new borrowers, making the total 9,293, a gain of 253. The circulation of books shows an increase as well as the loan of pictures. It is interesting to note that although the borrowers are not reading as many books of fiction as formerly the non-fiction circulation continues to increase.

An important phase of the Library service which may not be understood, is the reference work. Although this is an unrecorded service and one particularly difficult to analyze statistically, a survey covering a period of two months showed requests for answers to 441 questions most of which required research to secure the information. This phase of the work has shown such a marked increase that it became necessary to add to the Staff a Reference Librarian, a position which has been vacant for some time due to an insufficient salary appropriation.

The children's work has also grown with the larger population of the Town. The story hours have been held regularly and have been well attended. There has been a gain in the school circulation as well as in the contact work with the schools. This work has continued to go forward under the direction of the new children's Librarian who was appointed in October.

The total number of volumes in the Library at the end of 1950 was 80,283, of which 3,387 were added during the year. In this connection, it

is interesting to note that in 1923 when the present Library building was erected the total resources of the Library were 22,562 books, as compared with 107,533 books, mounted pictures, and pamphlets at the end of 1950.

The continued and constant increase in the volume growth of the Library has made the cataloguing of books a major task. It is the hope of the Trustees that this work can be relieved in the near future by the addition to the Staff of an assistant Cataloguer.

The many phases of library work and service demanding alertness and cooperation of all, require much careful planning. The Trustees have endeavored to carry out this program to continue to give to the people of Wakefield the efficient and helpful service that has been rendered by the Library for many years.

## Report of Town Planning Board

---

To the Citizens of Wakefield:

The Town Planning Board submits this report of some of its activities for the year ending December 31, 1950.

Public hearings were held on March 9, October 20 and November 17 in respect to articles in the warrants for the annual and special town meetings all seeking to amend the zoning By-Laws. The voters of the Town followed the recommendations of the Planning Board in adopting one proposed change and rejecting three proposed amendments.

The Board investigated and recommended the acceptance by the Town of proposed gifts of trusts of land by John J. Round and William C. Strong.

The Planning Board lost two of its most valuable members through the death of Dr. Frank T. Woodbury and the resignation of Mr. Fitzroy Willard. At a joint meeting of the Board and the Selectmen held September 19, 1950, Miss Ruth A. Woodbury and Mr. Arthur L. Gardner were elected to fill the unexpired terms of Dr. Frank T. Woodbury and of Mr. Fitzroy Willard respectively.

Various citizens have conferred with the Board with reference to the application of the zoning By-Laws and proposed changes therein.

Respectfully submitted,

ARTHUR E. HARDING, Chairman  
KENNETH W. THOMSON, Secretary  
EDWARD M. BRIDGE  
ARTHUR L. GARDNER  
RUTH A. WOODBURY

## Report of Milk and Food Inspector

---

To the Board of Health:

Gentlemen:

Herewith is submitted my report as Inspector of Milk, for the year ending Dec. 31, 1950.

The work of this office has continued along the same general lines as in other years.

The duties have increased somewhat with the growth of the Town. There have also been many changes in the sources of our milk supply during the past twelve months, with added activities as a result.

There is much more satisfaction gained from the inspection work of today compared to that of a few years back when labor, utensils and feed were hard to obtain.

The above improved conditions are now reflected in the excellent quality of the Town's milk, ice cream and cream consumption.

Thanks are due for the wholehearted co-operation of all connected with this branch of local health work, which has made possible an unusual compliance with both State and Town Regulations.

One hundred sixty-seven samples of cream, ice cream and milk were tested for fat content, total solids and bacteria standards.

Thirty dairy farms were inspected, twenty-eight being approved and two being disapproved.

# Report of the Municipal Light Board

January 2, 1951

To the Citizens of the Town of Wakefield:

We submit for your consideration the fifty-seventh annual report of the Municipal Light Board for the year ending December 31, 1950.

The net profit of the Department was \$60,606.20 as compared to \$73,-686.51 in 1949. The sales of gas increased 2.2% and electricity 11.3%. The increase in operating expense was, gas — 5.5%, electricity — 15.1%.

The balance in the Operating Fund was \$50,146.27 as compared to \$70,188.70 in 1949.

The sum of \$35,000.00 was paid to the Town to be used in computing the tax rate for 1950. The total amount paid to the Town is \$500,611.80.

The Manager's report including financial statements of the year are included in this report.

Respectfully submitted,

MARCUS BEEBE, 2nd, Chairman  
AUBREY T. QUINLAN, Secretary  
THEODORE EATON

To the Board of Light Commissioners:

Gentlemen:

The following condensed Profit and Loss Statement shows the financial operations of the Department for the year ending December 31, 1950 and the changes from the previous year.

|                               |              |          |              |
|-------------------------------|--------------|----------|--------------|
| Sales of Gas and Electricity  | \$655,026.53 | Increase | \$ 51,490.82 |
| Cost of Gas and Electricity   | 357,533.64   | Increase | 49,565.71    |
| Gross Revenue                 | 297,492.89   | Increase | 1,925.11     |
| Operating Expense             | 237,893.32   | Increase | 14,952.19    |
| Operating Revenue             | 59,599.57    | Decrease | 13,027.08    |
| Other Revenues                | 2,991.44     | Increase | 222.42       |
| Gross Income                  | 62,591.01    | Decrease | 12,804.66    |
| Other Expense                 | 1,984.81     | Increase | 275.65       |
| Net Income                    | 60,606.20    | Decrease | 13,080.31    |
| Paid to Town in lieu of Taxes | 35,000.00    |          |              |
| Net                           | \$ 25,606.20 | Decrease | \$ 13,080.31 |

During the year the Electric Department installed

93,070 feet of primary wire  
54,672 feet of secondary wire  
280 new services  
160 poles

and the Gas Department —

7,533 feet of gas mains  
8,677 feet of service pipe  
159 new services

The construction of the new building on North Avenue is progressing favorably and it is expected that it will be completed in the early spring. The department has been using the garage since last fall. Many old tar wells were uncovered which had to be pumped dry and filled with gravel before the foundation could be poured. Some of these wells contained 18-20,000 gallons of a mixture of heavy tar and water.

At the end of the year there were 4747 gas meters and 6299 electric meters in use, which is an increase of 176 gas meters and 302 electric meters.

According to the latest information that we have, natural gas will be available in Eastern Massachusetts, about September 1st, and all of the gas companies are now doing the necessary preliminary work on their distribution systems, such as testing and installing new valves, so as to sectionalize the area served and installing purge pipes, so that the manufactured gas will be forced out of the mains when the natural gas flows in the mains.

All of the burners of the gas appliances owned and used by our 4800 gas customers will have to be changed and adjusted, so that the new gas can be used safely and economically. This work will be done by a company that was organized for, and specializes in this type of work. They have converted the appliances in several hundred thousand homes in all parts of the country.

The conversion company will have a crew of 250 to 300 men to complete the change over in the shortest possible time, and with the least inconvenience to the consumer.

The Department will have to have available, some weeks ahead of the conversion date, a list showing the number and kind of gas appliances used by all of the consumers in Wakefield. In order to compile this information, an employee of this department will call on every gas user in Wakefield and request a list of appliances. This information is necessary, so that the proper material for the change can be ordered. We hope that you will give us your co-operation.

## Report of Board of Public Welfare

---

February 1, 1951

To the Citizens of Wakefield:

The Board of Public Welfare submits its annual report for the fiscal year of 1950.

Relief is administered by Massachusetts Welfare Boards in three categories — Old Age Assistance, Aid to Dependent Children and General Relief. The two first named are participated in financially by the federal government, the state, and the town of legal settlement. A legal settlement is a statutory right acquired by a person by reason of which financial responsibility is placed upon a city or town to relieve that person when in distress and in need of relief. General Relief is paid for by the town or city of settlement, or by the state, if no settlement exists. Thus while Wakefield spent \$393,763.20 in 1950, on all three categories and, also, for maintenance of the Town Home and administration, \$285,593.91 was returned from all sources, leaving a net cost to Wakefield of \$108,169.29 or, 27.4%. In 1950 Wakefield spent approximately \$3,521,000 for all town departments and the net welfare cost was \$108,169.29 or 3.1 percent of total town expenses.

Our office force is well organized and all required visits and records are up to date. The State Department made a spot check during the year of Old Age Assistance and Aid to Dependent Children cases and reported that the inspection found every detail properly checked and further complimented us on a record form, which had been devised, and said it would recommend its use to other cities and towns.

Miss Eleanor Nardone resigned December 16th to enter a convent.

### **General Relief Recipients**

In contrast to many other communities in the state, the case load in Wakefield, during the past year, did not rise to any great extent. It is a tribute to the citizens of our town that they have a pride of family and a feeling of independence. No application for aid has been received until the individual had exhausted his ability to maintain himself. Because of this, our department has been able to work closely with each case and has secured employment for several. One institutional case was rehabilitated and is now self-employed.

### **Aid to Dependent Children**

The activity in this category levelled off this year and we finished with about the same number of cases as were in force at the beginning of the year. No further completed legislative action has been taken to establish a universal non-support law in all the states. If and when this is accomplished, a tightening of this program may be looked for as it will be possible to force errant husbands to support their families.

**Old Age Assistance**

In our Annual Report for 1949 we called attention to the danger of further liberalization of Old Age Assistance regulations, and pointed to the experience of California, which state had thrown out a grandiose plan after one year's experience. Now we in Massachusetts are forced with a prospect of an additional expense of fifty-four million dollars as a result of the voters adopting the California plan. The coming legislature should exhibit sufficient courage and intelligence to nullify this action, which they shied away from during the last session, or all citizens of Massachusetts will be burdened with a staggering tax.

If the new law is revoked we look for a levelling off in the number of cases in this category. Of our present case load, 30 percent are 80 years or more old. This fact, coupled with the increased opportunities for older workers, because of increased war preparedness production will tend to hold our rolls at the present figure.

The following table shows that, Wakefield's net cost was less than one-third of total cost.

**Reimbursement of Funds 1950**

The Advice of Audit Sheets, issued monthly by the Bureau of Accounts, Massachusetts Department of Public Welfare, showing the provisional audit of monthly payrolls and giving the portions allotted as Federal, State and Town shares, have, in prior years, been two months in arrears. The period on which reimbursements were figured being from November 1, through October 31. This system is now changed and the grants allotted in 1950 are for the actual audited returns from November 1, 1949 through October 31, 1950 and estimated returns for the months of November and December 1950. In 1951, the period will be from January 1, through December 31, 1951.

Allocation of returns based on payrolls to recipients 11/1/49 through 12/31/50:

|                                                           |              |

**Willard Donnell Trust Funds**

To the Wakefield Trust Company, a Massachusetts Corporation, having its place of business in said Wakefield, Ten Thousand Dollars, in trust, to hold, invest and reinvest the same at its discretion, and to pay over the net income thereof to the Town of Wakefield for the use of the Public Welfare Board of said Town to be expended by the said Board in its discretion, for the benefit of the poor and needy in the Town of Wakefield, and especially for the payment of hospital charges of the inhabitants of the Town of Wakefield as are themselves financially unable to pay such hospital charges. This trust shall continue for a term of nineteen years and at the expiration of that term, I direct said Trustee to transfer and pay over the said trust estate with all accumulations thereon to said Town of Wakefield, to be held by said Town and the income only to be used for the benefit of such of its inhabitants as are in need of hospital care.

This trust fund started May 2, 1935, and will expire on May 2, 1954.

## Report of Recreation Commission

---

The staff was made up of William D. Healey, general supervisor; Ellen M. Ashenden, assistant supervisor, who also was in charge of folk dancing and pageantry; Joan Purtell, handicraft supervisor; and assistants—Leo Amirault, Robert Wheeler, William Greany, Joseph Loughlin, Alfred Confalone, Ernest Warnock, Margaret Costello, Jean Hupprich, Ruth Mullen, Catherine Meskell, Helen Murphy and Cynthia Petrucci.

Areas used were: the Common, Hart's Hill, Moulton, Nasella, Maple Way, Montrose, Walton Field and Veterans' Field. The High School Auditorium and Greenwood Union Church Vestry were used for the projection of sound films. The Lafayette Building was used for folk dancing and pageantry.

The total attendance daily was about 1,200 boys and girls. The baseball leagues were grouped according to age and more than 300 boys played a daily schedule with championship play-offs the last week of the season.

A story-telling hour was an important part of the daily program. At no set time, but whenever the children appeared tired of play an experienced story-teller on each playground would entertain them with appropriate stories.

Sound films suitable for boys and girls ten years of age and younger were held on Wednesday mornings at the High School Auditorium. From 700-800 boys and girls were always on hand to enjoy this feature project. On the afternoon of the same day these films would be enjoyed by 250-300 boys and girls at the Greenwood Union Church Vestry.

The games for girls were mostly softball, dodge ball, kickball, volleyball, badminton, tennis and circle games. Folk dancing classes for the younger girls were held weekly on the different playgrounds.

Each week on every playground special contests with prize awards were held. This always brought many parents to the playgrounds weekly.

Demonstration Day is the big day eagerly awaited for by all the boys and girls. At the Common in the afternoon the finals in the baseball leagues, softball league, horseshoes, volleyball and dodge ball are held and champions determined.

The boys' tennis championship is determined, matches held at Moulton courts. At the same time at Maple Way the girls are contesting for their tennis title.

In the evening at Veterans' Field under lights the feature events of Demonstration Day are the handicraft exhibit, the folk dance class pageant, dancing on the courts to musical recordings, and the adult softball double-header.

Using a background of realistic scenery the members of the folk dancing classes of the various playgrounds presented an attractive costumed pageant entitled "On the Boardwalk" under the direction of Miss Ellen Ashenden.

In the Arts and Crafts exhibit, under the direction of Miss Joan Purtell, more than 300 pupils had on display over 600 objects, all made on the playgrounds this summer. Included were woven pot holders, braided belts, bracelets, lanyards, felt utility bags, tempera paintings, lapel pins, and spatter paintings.

More than two thousand parents and friends were present at the Demonstration Day program.

The Track and Field Championships held annually at Walton Field brought out about 350 boys and girls to contest for prizes awarded for the first four places in each of 36 events. Blue, Red, White and Gold Ribbons were the awards.

The 320 different young men who went to make up the adult softball league is proof of the continued interest in that sport.

Maple Way and Montrose play areas are in need of slides. Also there is a great need of large picnic tables on each playground to allow the crafts classes to work properly.

## REPORT OF THE SCHOOL COMMITTEE

The year which this report records has been spent by the School Committee in an earnest effort to keep pace, in policy and in practice, with the unprecedented increase in school population and the town's growth generally. In January, in anticipation of meeting the needs occasioned by this growth, the Committee voted to ask the Selectmen to petition the legislature to increase the town's limit of bonded indebtedness. Mrs. Dutton, Mr. Hickey, Mr. Hancock and Mr. Collins have served as School Committee representatives on the high school and elementary

school planning committees. The entire School Committee has met with these two planning committees at various joint discussion sessions.

Pursuant to the vote of the 1949 Town Meeting, Dr. Homer Anderson was retained, with a staff, to conduct a school survey of the Town of Wakefield, their findings to be published and distributed to the citizens. The work of the planning committees and the action of the School Committee have been predicated upon the recommendations of this survey, and in August, after careful study of the survey, the School Committee voted to adopt the so-called 6-3-3 plan of organization of the Wakefield schools as soon as adequate housing is provided. The School Committee also voted to recommend that section of the survey entitled, "Most Urgent," and suggested that the planning committees proceed along these lines.

Early in the year the prevailing teacher shortage caused the School Committee to continue from January 1950 through June 1951 the suspension of the rule covering resignation of married women teachers.

An appropriation of \$24,195.00 for rehabilitating the Woodville School has resulted in pleasant and healthful housing of the 7th and 8th grades of the Greenwood, Hurd and Warren Schools. At present 214 pupils use this school, at a transportation cost far less than any other method of accommodating the same number of children would require.

The request of the faculty for a so-called twelve months pay system was granted. The School Committee also voted that all non-degree teachers who have had fifteen years' experience in the Town of Wakefield be awarded three credits for length of service in lieu of professional improvement under the salary schedule. This policy is generally recognized in the State. The request of the teachers for a flat \$400.00 increase was refused, but a cost of living increase not to exceed 7% and adjusted on a sliding scale was voted for the calendar year of 1951.

Under a new law, Chapter 417 of the Acts of 1950, the high school cafeteria, heretofore self-supporting, must now turn over its funds to the Town Treasurer.

The Lincoln School was damaged by lightning in an August storm to the extent of \$350.00.

On September 26th Francis Dinan, Principal of the Lincoln-Hurd District, was granted military leave beginning October 6th, on his recall to naval duty.

The School Committee again records with sincere regret two more resignations from its board. In August Mrs. Alma S. Dutton resigned because of pressure of personal obligations, and in December the secretary of the Committee, Arthur C. Lane, resigned, effective January 1st, 1951, for reasons of health. Frederick W. Bliss was appointed at a joint meeting of the Selectmen and the School Committee to fill Mrs. Dutton's vacancy, and on December 28th the School Committee submitted to the Selectmen the name of Lane C. Fuller to fill the vacancy caused by the resignation of Mr. Lane.

The School Committee records its deep appreciation of the devoted service of Mrs. Abbie A. Bell, Miss Irene F. Norton and Miss Winifred R.

Beal whose retirement has taken place this year. Their contribution to education in Wakefield has influenced the lives of many young people who have passed through their hands, a far-reaching factor for the good of the country scarcely to be estimated.

At the Harvard Commencement in June, Superintendent Bair was awarded the degree of doctor of education, the first Wakefield Superintendent to be so honored. Dr. Bair represented the School Department at the high school graduation exercises.

Continuing the policy of planned modernization in the older buildings \$8,678.75 was expended in replacement of toilets at the Franklin School.

School Committee members served countless hours on various sub-committees. Mr. Collins was chairman of a sub-committee to study regional schools, Messrs. Hancock and Hickey serving with him. They brought in a detailed report which was published in the press, advising against Wakefield participating in such a plan. Mr. Lane and Mr. Hickey served on the salary evaluation committee, and Mr. Lane was also School Committee member on the town Dental Clinic committee. Mr. Hancock served as chairman of a committee to evaluate extra-curricular pay, Messrs. Hickey and Lane serving with him. Their recommendations are embodied in this year's budget. Mr. Hancock also served as chairman of the information committee of the joint planning and school committees. The members consider the time to have been well invested, if the Wakefield school system can continue to increase the knowledge, the health and the vision of its young people.

#### REPORT OF THE SUPERINTENDENT OF SCHOOLS

It is a pleasure to submit my third annual report as Superintendent of Schools.

The natural pride one might have in reviewing the progress of an organization with which he is serving is, in this case, diminished by first, the realization he is leaving at a time when Wakefield can, if the voters agree, have one of the outstanding school systems in New England, and second, that the happy and fruitful associations which have blessed your Superintendent of Schools for three years are soon to end.

It seems proper that the record show the appreciation your superintendent has for the courageous and self-sacrificing attitude of the School Committee members. One would have to search widely to find a committee more devoted to its task of building a good school system during one of the most trying times in United States history. Problems such as high costs, shortages of materials and teachers, rapidly increasing enroll-

ments, obsolete and neglected buildings, inadequate and worn out equipment, frequent public apathy, and the complicated character of our type of town government, are sufficient to cool the ardor of less courageous public officials.

The faculty, facing many of the same conditions plus decreasing parental interest and cooperation, has done a remarkable job. Standardized tests have, on many occasions, shown the achievement of Wakefield's pupils to be considerably above average. Certainly there are weak links in our system, but the percentage in Wakefield is much below the average. It should be thoroughly understood that on our staff are many who would rate favorably with the best in the nation. Every effort is being exerted to keep them in Wakefield.

The High School Planning Committee and the Elementary Planning Committee should be singled out for praise. The former committee has worked hard for two years, preparing first, plans for an addition to the high school which were not accepted by the voters, and second, several plans for a completely new senior high school building which will be presented to the annual town meeting in 1951. Had they not been terribly concerned with the present conditions and extremely devoted to their assignment, it would not be hard to imagine that their discouragement would cause many resignations from the committee. Instead they have tackled, with typical New England determination, the new and expanded problem which they were given, and have developed outstanding plans for the solution of Wakefield's secondary school problem.

The Elementary Planning Committee has done a very thorough study of existing elementary buildings here and elsewhere. They have met whenever and wherever a new idea existed. The quality of the analysis they have made and the soundness of their proposals will be easily understood when their report is filed.

The future of democracy is assured when voluntary committees of laymen undertake civic duties as comprehensive and time-consuming as these groups did. It is natural that the conclusions and proposals which they have prepared would be outstanding. The future of our community, if indeed not our nation, is assured when the citizenry unselfishly follows the recommendations of such committees.

The small but active parent groups which have steadfastly sought better educational opportunities for their children have contributed much to such progress as has been made. It remains for their contemporaries who have not found P.T.A. attendance possible or desirable to rally around them at this time of great urgency. Finally, Wakefield can justly be proud of its youths. They have accomplished much under sub-standard conditions. They have made the effort worthwhile.

With the School Building Survey Report by Dr. Homer Anderson and his staff available, there is little value in reviewing its contents. The records should show that the School Department is still reporting that the No. 1 need in Wakefield is proper housing for the school children.

Little concern has been seen relative to the supply of good teachers. Wakefield is a good example. Between September, 1947, and September, 1951, 32 additional professional staff members will have been added. During the next 5 years similar growth will doubtless be felt. Where will we find these teachers? From 1947 to September, 1950, not more than ½ dozen Wakefield High School graduates have chosen education as a profession. This situation is nation-wide. During the school year of 1950, 23 new teachers were employed by the Wakefield School Committee, although only 6 were additional ones. In other words, the teacher turnover is nearly 20%. All of the teacher-training schools in Massachusetts graduate less than 500 a year, yet some 2500-3000 replacements are needed. The war now in progress will cut this number seriously, but will not reduce our elementary school enrollments at all. As a matter of record, both the marriage and birth rates are again rising alarmingly.

Your superintendent realizes that until untrained and unqualified people are appointed to teaching positions and the parents begin to see the damage being done, no strenuous action will be taken. It will be too late then, because it takes 4 years to give our youth the minimum background for teaching.

Each year in the Massachusetts General Court attempts are made to close or at least curtail our teachers colleges. **THEY ARE OUR PRINCIPAL SOURCES OF SUPPLY AND MUST BE EXPANDED TO TAKE CARE OF OUR NEEDS.** Every citizen should demand that our legislative representatives take the initiative to expand, improve, and protect our teachers' colleges. They are currently obsolete, under-manned, inadequately financed, and to some extent involved politically. Children who will be attending school 4 to 8 years hence will suffer because of the lack of foresight now.

High School students cannot be forced to train for educational service, but citizens can do much to improve conditions so that young people will seek opportunities in this splendid profession. Parental cooperation, pleasant working conditions, adequate and modern facilities, and good pay will do much to remedy this serious situation. Centuries ago Socrates appealed to his people saying, "If I could reach the highest point in Athens I would raise my voice and say, 'What ails ye, fellow citizens, that ye turn every stone to scrape wealth together, yet neglect your children to whom ye must one day relinquish all?'"

The vast increase in Wakefield's school population has had, and will continue to have, a serious effect on the School Department budget. Additional school staff members during the last 4 years represent more than \$100,000 increase in school costs. The decreased purchasing power of the dollar has nearly doubled the cost of supplies of all kinds during the last 11 years, and has caused at least a 15% increase in the other expense items of the 1951 budget request. For each additional pupil entering our schools, it costs from \$150-\$230, depending on the grade in which he enters. Two hundred additional pupils therefore, represent ap-

proximately \$40,000 in operating costs alone. The cost of new equipment, etc., must be added to the above figure.

On the other hand, in Wakefield during 1950, excise taxes were paid on 1,600 more automobiles than in 1949. This represents a total assessment of \$3,375,440 which brings into the Wakefield town treasury approximately \$123,000, or an increase of \$39,000 over the preceding year. Wakefield's total assessed valuation has reached more than \$26,500,000, an increase of approximately \$1,100,000 between 1949 and 1950. The increase in the last year alone represents approximately \$51,000 in new municipal revenue. It also represents an increase of more than \$3,250,000 since 1947. Wakefield is no longer a small town to be operated on a small town basis. It is a big business and must be handled in an appropriate manner.

During the year of 1950 several key educational posts have changed hands. Mr. William Black, principal of the Franklin and Montrose Schools, was granted a leave of absence to work with the State School Building Assistance Commission. His successor is Mr. Paul U. Antony. Mr. Francis W. Dinan, principal of the Hurd and Lincoln Schools, and an officer in the naval reserve, was recalled to active duty. Mr. Richard Smith will succeed him. Mr. Myron E. Gallop, head of the Science Department in the high school, left education to enter the field of business. Mr. John Broderick of Walpole was elected to become the new department head. Miss Marion J. Jennings, Reading Consultant, resigned to accept a post at the University of Iowa, and has been succeeded by Miss Elizabeth P. Lenk of Auburn.

A major change in policy resulted from the over-crowded conditions at Hurd, Warren, and Greenwood Schools. It was necessary to renovate, re-equip, and re-open the Woodville School in September, 1950. Seventh and eighth grade pupils from the Hurd and Warren Schools, and eighth grade pupils from the Greenwood School are being transported by bus to that building. This temporary arrangement has proven popular to pupils and parents alike.

The curriculum study received a major setback when the co-chairmen, Miss Jennings and Mr. Black, left the department. However, Miss Lenk and Mr. Antony have taken over and considerable progress has been made. Plans have been made and an appropriation requested to place 2 grades in the Warren School under the double session plan in September, 1951. One or two grades at the Hurd School will probably be housed in the new auditorium at the same time. This condition will get increasingly worse until buildings are constructed in the North Ward and on the West Side.

#### HIGHLIGHTS FROM THE REPORTS OF STAFF MEMBERS

##### **From the report of Mr. Kinder, Principal of the High School.**

Unsettled conditions in the world are having their effect upon the boys and girls in the high school. In general, there is an increased restlessness — and a tendency to question the desirability of working hard in

school to prepare themselves for what they would like to do. We in the school are doing all we can through guidance and advice to influence them to make the best possible use of their time.

From the standpoint of the faculty the situation will be critical if some of our most active teachers are recalled for military service.

The enrollment is nearly the same as last year, which means that the lack of space continues to be the same pressing, frustrating problem.

Mr. Heavens, guidance director, has become an increasingly important factor in the welfare of the school. The most needed addition in our guidance work is a clerical assistant and a separate office.

#### **History Department.**

An innovation this year was the attendance each week of two students from the government classes at the meetings of the Selectmen in Wakefield and Lynnfield. Each class member attends at least one meeting and reports his impressions to his classmates.

The election held in October brought the whole student body to the election booths — the regular voting booths and ballot boxes of the Town of Wakefield were loaned to us — in the gymnasium where ballots were cast for class officers, members of the Student Council, and student representative on the Athletic Council. Over 900 voted in less than an hour, and students acted as supervisors and election officials.

Mr. Barry has organized a Junior Forum for World Affairs, and one assembly took the form of a forum in the manner of the Town Meeting of the Air.

#### **Language Department.**

This department has continued to take the lead in the use of audio-visual aids. During the year a new opaque projector and another slide film projector were added to the equipment.

#### **English Department.**

Two goals were set for the year's work in English.

1. The encouragement of wider reading for enjoyment and enriched vocabulary.
2. Improvement of skills in composition for all groups.

The 1950 Classbook again received a first place in the national contest sponsored by Columbia University.

#### **Household Arts.**

Under present conditions we cannot give the girls any additional training in this department. It would be helpful if the girls could be taught some of the elementary things in cooking and sewing before they come to high school.

#### **Science Department.**

The results which Mr. Broderick, the new Head of this Department, has accomplished since he came to us indicate that he is a welcome addition to our faculty.

The lack of adequate seating space continues to be a handicap to the Science classes.

**Fine Arts Department.**

For the second time this department has contributed pictures by students to the International Art Program of the Red Cross. The twelve submitted have been distributed to eight countries.

Again this year there were Christmas paintings at the main entrance and in several of the windows.

I still want to have students decorate the cafeteria walls.

**Driver Education.**

This year the members of the classes in driver education were given a set of psycho-physical tests in the mobile Driver Educational Clinic which Mr. Marché arranged to have visit the high school.

**Military Instruction.**

During the year officers from the Army, Navy, Marines, Air Force and National Guard have come to the school to speak to the senior boys.

**"Living With Others."**

Under Miss Upham, Dean of Girls, a new course bearing this name, and intended to be instruction in manners, is given to all freshmen, for one period a week for five weeks.

**Air Raid Warden.**

Mr. Heavens, who was chief air raid warden for the high school in World War 2, and who is an assistant to the town civilian defense director, is again acting in a similar capacity.

**Book Clubs.**

A Teachers' Book Club and a Teen Age Book Club have been organized under the direction of Miss Sheldon, librarian, who also supervises the teachers' professional library.

Unfortunately the library is still used every period of the day as a study hall.

**Clubs.**

As in past years the various clubs and student organizations have had varying degrees of success. The Student Council, for example, has sponsored six canteens, and is working on problems of morale and has made recommendations which have proved beneficial. Again, the program committee for the senior play collected more than \$500.00 for advertising. The musical organizations continue to reflect the versatility, enthusiasm for good music and painstaking attention to details of the director, Mr. Fanck.

**Class Gifts.**

The Class of 1950 made it possible to have the office records of all members of the High School for the past twenty-five years recorded on micro film which is kept in the vault of the Wakefield Trust Company.

**Faculty.**

There are forty-five men and women on the Faculty. At the present time the faculty is divided into twenty-five committees which have begun a program of self-evaluation of the school in all its phases. It will be a

process extending over a considerable period of time. Through the evaluation we hope to appraise the achievements, point out our deficiencies, and come to some agreement on our needs, so that we can channel our endeavors more effectively in the future.

**Report of the Guidance Department, Mr. Heavens.**

It is the considered opinion of the Guidance Department that the chief function of guidance is to supplement the instruction given in the school in any way it can, to implement and give meaning to the instruction in such a way that the school will be more meaningful and purposeful to the students. Through tests, teachers' grades and an accumulation of past experiences we have gathered together and catalogued as much information as we can about each pupil. From this picture the boys and girls have been given what help we can to encourage them to plan their preparation for those things they want to do. We have tried to facilitate the process for some children to make an intelligent choice of occupations by giving as much information concerning the work world and the trends of the labor market as we have available. Some actual placements have been made, but it is preferable to try to guide the way so that the youngsters may gain the preparation and find the work of their choice for themselves. I do not feel it is kind actually to do too much of this for them, but rather to encourage and teach them to do it so that they will act for themselves.

To give occupational information, conference groups meet once a month at which workers in the field come in to tell the students about it. In the fall the students are shown why it is essential to make intelligent plans. In the winter and spring, the areas covered are the apprentice trades, advertising and merchandising, opportunities in industry and offices, engineering, nursing, and the professions. In April a preview of the employment market is given.

The guiding of the pupils is an individual proposition. This is done by scrutiny of the choices of courses, and individual counseling. We are greatly hampered in this phase because of the lack of personnel in this department, but it is useless to ask for help unless there is some place to house it.

It is interesting to note, through follow-up, how closely the school instruction fills the occupational needs of the students. There is a definite lack in our schools to give a sufficiently diverse instruction in many of the apprentice trades and in home economics. This lack is only partially filled by sending some of the students to the various trade schools in the county. But if these trades could be taught at home, it would act as an inspiration to many others who are groping for help to try their hand in this field. Without it we lack that inspiration.

Two summary tables follow of the placement of the last three graduating classes, based on returns by the boys and girls.

#### Report of Mr. Fulton, Supervisor of Cafeterias.

Two changes in the operation of the cafeteria were made necessary at the opening of school in September. One was a change in financing made necessary by a bill passed by the State legislature, and the other was the starting of a cafeteria at the Woodville School.

All school lunchroom funds must now be deposited with the town treasurer who pays the bills with the approval of the School Committee. Cafeteria employees become town employees subject to the benefits of pension and compensation laws. The old reserve equipment fund was turned over to the town treasurer, the sum of \$1,195.00 being first spent for a dish-washing machine.

The Woodville cafeteria, with two women in attendance, is operated in conjunction with the one at the High School, with Mrs. Prince acting as dietitian and manager of both. Full advantage is taken of the free commodities offered by the surplus commodities division. Pupils may, of course, bring their own lunches, buying from the cafeteria only if they so desire. Efforts are made, however, to encourage the pupils to have a hot lunch.

The following figures, computed for three months in the fall, may be of interest:

|                                      | High School | Woodville |
|--------------------------------------|-------------|-----------|
| Daily average number buying hot dish | 66—7%       | 54—27%    |
| Daily average number buying milk     | 474—50%     | 153—76%   |
| Average amount spent per pupil       | 13.7c       | 14c       |

Two problems exist—the lack of table space at the High School, and the fact that the cafeterias could not be operated without state aid unless prices were raised considerably.

**Excerpts from the reports of the Supervising Principals**

One outstanding feature of the program at the Franklin and Montrose Schools is the assembly. At Franklin particularly dramatic units formed without direction from the teachers, and have written, directed and presented plays and skits of real worth. The children are encouraged to participate in any way they see fit.

At both schools student councils are developing real and dynamic leadership among the pupils.

Parent-Teacher groups are functioning well, with good attendances on conference nights.

Mr. Antony suggests the wisdom of setting up a program of visual education in all the schools, and a further study in the area of textbooks so that better standardizations may be obtained.

Mr. Philie, reporting for the Warren-West Ward District, states that there has been an expanding use of audio-visual aids in his schools, particularly by acquiring exhibits from various industrial concerns and the purchase of film strips.

The transfer of the 7th and 8th grades from the Warren to the Woodville School has, temporarily, made more room for the increased enrollment in the lower grades. However, there will be overcrowding again in the fall of 1951.

During the past year the interior of the Warren School was redecorated. Among the improvements still sadly needed at both this school and the West Ward are better lighting and better playground facilities.

Miss Pfeiffer, acting Principal at the Lincoln School, stresses the handicap presented by the fact that this building has no auditorium. Playroom facilities are below the desired minimum.

She further suggests that a greater uniformity might be obtained if the school nurse weighed and measured the children, and tested both eyes and ears.

A number of clubs have been organized in which the children take a keen, active and creative interest.

The major problem at the Hurd School, Miss Widtfeldt reports, is the rapidly increasing enrollment because of the housing development in this area. This problem is further complicated by the heavier traffic on Pleasant Street extension, which is a direct means of access to the Glen Meadow development.

The gift of a movie projector by the P.T.A. and the new duplicating machine are very much appreciated.

Speaking for the Woodville School, Mr. Leonard, Principal, calls attention to the fact that, while 180 pupils were the expected enrollment, 212 children appeared.

The schedule here is completely departmentalized. This means, among other things, an opportunity to provide more study period time, under supervision, and a good club program.

Moving the two eighth grades from the Greenwood School to Woodville meant one vacant room at the former school beginning in September of 1950. However, with three first grades coming in and two seventh grades going to Woodville, all eighteen rooms will again be used in September of 1951.

The classrooms at the Greenwood School were most interestingly decorated for each of the holiday seasons, displaying the good work being done by the Art Department. Through the help of the P.-T.A. a still-film projector and two sets of films have been purchased for the use of the primary grades.

**From the report of Miss Lenk, Reading Consultant.**

The general objective is to offer rich and worthwhile reading experiences to the children of Wakefield to prepare them for living in a democratic society.

To accomplish this objective the following activities have been carried on:

1. Teachers' demonstrations and conferences.
2. Public relations, through talks to community groups.
3. Classroom visits to offer consultant service for testing and demonstration purposes.
4. The role of testing in our reading program.
5. Provisions for serious reading problems.
6. Observation of Book Week.
7. Rendering remedial services.
8. Curriculum building program.

Examples of the scope of this work.

1. 6 demonstrations have been held for teachers at all grade levels.
2. 273 classroom visits have been made since September.
3. 337 first grade pupils have been given the Lee-Clark Reading Readiness Test.
4. The Stanford-Binet test (mental capacity) was administered to 32 pupils.
5. The Metropolitan Achievement Test will be given to all grades in May, and in January the Kuder Vocational Preference Test will be given to all eight grades.

Some suggestions for 1951:

1. The need of an assistant to work with retarded children.
2. Preparing a "Getting Ready for School" bulletin for parents of pre-school children.
3. Arrange for a teacher workshop.
4. Increase in teacher visitation in other school systems.
5. Building of unitary material for teacher use.
6. Adding new equipment such as reading chairs, fill-in maps, dictionaries, and supplementary reading books.

**From the report of Mrs. Walter, Music Supervisor**

With the adoption of the New Music Horizons Series the following five-fold program is possible:

1. Music reading.
2. Singing.
3. Rhythmic activities.
4. Listening activities.
5. Creating music.

Music aptitude tests are given yearly in grade five for advice to parents concerning instrument study. One continuing problem is the lack of musical instruments to meet pupil demands, and an instrument renting plan is suggested, as is also a plan of class instrumental lessons.

The elementary school glee clubs and the High School Girls' Glee Club gave their annual concerts in the spring, and the Spring Festival was held on the Common in May.

**Art Department, Miss Jenkins, Supervisor**

The program for the primary grades has included a great deal of free expression work interspersed with directed drawing and a limited amount of pattern work. The attempt is made to build up hand control and familiarity with art mediums. Modeling helps to teach the children to observe the shape of objects in three dimensions.

The intermediate and upper grades also do a great deal of free expression drawing in correlation with their history and geography. Design, perspective and color study have an important place in the program.

The upper grades have made many posters during the year, and many of the classrooms have blackboard decorations done by the pupils. Three 8th grade boys from the Hurd School made large, attractive pictures which are hung in the School Committee room. Pupils in these grades at Montrose have painted scenery for assembly programs, and also a Christmas window on one of the stairways.

**From the report of the Director of Instrumental Music, Mr. Fanck**

The High School band has 53 members and the orchestra 24. They rehearse three times a week, and, as in past years, have played at assemblies, football games, rallies and community observances, as well as giving the annual concert.

There is also a junior band and a junior orchestra, rehearsing weekly, and organized for the purpose of developing material for the senior band and orchestra. Classes are also held for the various band and orchestra instruments, organized principally for the pupils in the elementary schools. These latter pupils give a recital in June.

**From the report of the Director of Athletics, Mr. Crompton.****Physical Education.**

Miss Cleaves, the new teacher assigned to the elementary schools, has done a fine job with the girls' program. The aims of this program are:

1. The development of useful skills for leisure-time play.
2. The development of essential safety skills.

3. The development of specific skills for use in games and sports.
4. To reach and develop good sportsmanship and fair play.
5. To develop leadership qualities insofar as the age level permits.
6. To have fun.

Each school is visited twice a week. In two schools grades 5 and 6 are covered (there are no grades 7 and 8 in these buildings), while in the others grades 7 and 8 are covered.

The current national emergency will demand a few changes in our overall program. Our boys must be physically fit to meet the rigors of universal military training. They must be socially ready for what will be the greatest change in environment they will ever meet.

Each student must be treated as an individual and the necessary physical activity to bring him to his physical peak must be provided.

More playing space and personnel have been allotted to the girls' program to the point where over half of the total enrollment is taking part.

#### **Athletics.**

Those students who have athletic ability are funneled into what we call our sport feeder system.

Take football as an example. Elementary school boys are taught the basic skills, and the more talented form a touch football team, which plays in a town-wide league. The High School has varsity, junior varsity and Freshman squads. Counting all squads, 128 boys were dressed and played last fall. The same is true of other sports.

The physical education program is tied in with athletics, to give all students an equal opportunity to display their sports skills. Equal attention is given to athletic and non-athletic students. Special attention is given to those who may have social or physical maladjustments. The response to date has been encouraging.

#### **Dr. Richardson, School Physician, reports that—**

2905 pupils were examined, with the following defects noted:

836 needed dental work done, with 1915 cavities found, with 1173 corrections found later

56 needed tonsils removed

77 had wax that filled the ear canals

6 heart diseases were found

258 boys were examined before they entered sports, with three being turned down

107 pre-school children were examined, with the recommendation that four not be accepted for school.

#### **Miss English, School Nurse, reports**

148 House calls

5 Children taken home

4 Children taken to the doctor's office

3 Children taken to the dentist

| Expenditures                    | \$591,562.32 |
| Receipts through the Department | 139,036.21   |
| Net cost from local taxation    | \$452,526.11 |

Leaving Wakefield is not an easy or happy task. It has been a wonderful home and to work in its school department has been a privilege. Your superintendent will always look back on these years with genuine pleasure. He will always remember his friends and associates with affection.

Too high a tribute cannot be paid the School Committee, the faculty, or the central office staff. They have been superb. To them goes deep appreciation. To Mr. Fisher, assistant superintendent, whose loyalty and faithfulness have made the work of your superintendent not only easier and more productive, but have prevented him from making many mistakes, goes heartfelt thanks.

To the citizenry as a whole your Superintendent of Schools feels indebted for the many kindnesses shown his family and him and prays that its wisdom will point out the best solution to the many community problems directly ahead.

Respectfully submitted,

CARL M. BAIR, JR.

During the past year the Wakefield School Department lost, through retirement, the services of the following teachers:

Irene Fletcher Norton

Abbie A. Bell

Winifred Beal

Miss Norton is a native of West Tisbury, Mass., and a graduate of Northfield Seminary and Hyannis Teachers' College. From 1904 to 1908 she taught in Dana and South Chelmsford, Mass., and in New Ipswich, N. H. She came to Wakefield in 1908 and taught here continuously until her retirement in June, 1950.

Born at Billerica, Mrs. Bell is a graduate of Salem Teachers' College. She taught in Wakefield from 1904 to 1907, at which time she resigned to be married, returning as a teacher in 1925 to continue until her retirement in June, 1950.

Miss Beal was born in Jonesport, Maine, and is a graduate of Washington State Normal School. After six years as a teacher in Jonesboro and Dixfield, Maine, she came to Wakefield in 1924, to teach continuously until her retirement in August, 1950.

To these three ladies who gave a total of 96 years of their lives to the boys and girls of Wakefield the School Department desires to express its sincere appreciation for good work well done, and to extend its cordial good wishes for the years ahead.

## THE CLASS HYMN

## ALMA MATER

The Class of Nineteen Fifty marches

On with eager feet.

New vistas beckon just beyond

With tasks ahead to meet.

The challenge that confronts us now  
We welcome for us all,  
Since "In Ourselves Our Future Lies" —  
So answer we this call.

As classmates we are bound in love,  
Remembrances oft told.  
But nobler yet, the years ahead  
Before our eyes unfold.

And now, Dear School, enshrined within  
Our hearts and thus our lives,  
We honor thee for lessons taught  
As parting times arrives.

Refrain:  
O Alma Mater, Wakefield High,  
To thee we sing this night  
As symbol of our loyalty—  
Long may thy name be bright!

Words by Joyce Georgia Denning, 1950    Music by Harry Herbert Bird, 1950
